

DOMINIC SAVIO KINDERGARTEN, NERUL REPORT

Date: 19th June 2024

Event: Father's Day Celebration

Section: Foundational Stage

Honouring the Pillars of Strength: A tribute to Fathers on Father's Day

Fathers are the silent pillars of strength, the guiding lights that illuminate paths and the unwavering support for the family. This day serves as a reminder to express gratitude, love and appreciation for the remarkable men who shape lives in profound ways. And hence on this special day the kids of Dominic Savio Kindergarten Nerul celebrated Father's Day on 19th June 2024 with events and activities to honour the wonderful bond of father and child to create special memories.

The day began with a special event wherein the fathers and their children came dressed up in either matching outfits, mirror image or what they aspire to be. As the kids were seated in their respective classrooms the fathers came forward and introduced themselves and their profession in various fields. This helped the kids and their fathers to know each other better and gave them an opportunity to connect and communicate.

After the introduction of the fathers what followed was a fun filled activity which involved the kids and their fathers to bring out their creativity on a fist sized rock which signified that their father rocks. Every child and father decorated their rock with colours and art materials and made creative takeaways as a remembrance of this special day. On completion of this activity, an action-packed game was conducted wherein the children and their fathers were invited to groove to rhythmic music which brought laughter and cheerfulness among everyone.

After all the fun and jovial happenings, the children and their fathers were then invited to do a very meaningful activity which involved their connect with mother nature. Each class were given pots with soil and manure and every child with their father came forward and sowed seeds in these pots. This became the crowning moment of the Father's Day celebration and an occasion where both the father and the child experienced their togetherness.

"Extra-ordinary event to bond with children. Very well co-ordinated and arranged" were the words shared by Mr. A.Charles , father of Miss. Isabelle Antonia at the end of the Father's Day celebration. Rev. Fr. Shekar Devraj (Vice Principal) and Mrs. Kalyani Chaudhari (Principal) went around the school and appreciated the fathers for their enthusiasm and support in making this event successful. The occasion of the Father's Day concluded with lots of smiles and cheerful faces on the children and their fathers leaving them with memories to cherish, lessons learnt and connections that make fatherhood a precious role in their lives.
