Learning Outcome: Career Opportunities in E-Commerce

Key features of the event: Talk Show on E-commerce as an emerging sector and the job opportunities therein

PPT on the courses to get into the industry, colleges offering the courses, job titles and pay packets

Song on E-commerce composed by students

Industry insights by guest speaker and interaction with students

What went well? Flow of the programme was good. Students were confident. The song was an original piece.

What could have been better?

The backdrop could have been better. Students could have put in more expressions.

Do you have any suggestions to improve the quality of the performance/participation?

No programme to be kept before exams and after long holidays. All aspects to be planned and allotted to students much in advance.
