What did you learn?

It is the installation ceremony of the school council for the year 2024-25, where individuals are officially endowed with ranks, honors, or positions of authority.

Key takeaways:

A day to reinforce the values and traditions of the institution in young leaders.

How is it relevant to your school context?

An Investiture Ceremony is relevant as it recognises school leaders and provides them a platform to grow through formal recognition.

How will you apply it with students in the classroom/beyond?

Students can be taught that the Investiture ceremony is not a ritual of bestowing badges and ties; but is about inculcating the importance of responsibility and service among them.

What could have been better?

The ceremony would have been appreciated if the arrangement of the school and class council members taking the oath were organized to provide a clear view of the ceremony to the assembled students, parents, and teachers.

What was done well?

Planning, organizing, and execution of the event was done well.

Do you have any suggestion?

The ceremony could be conducted in a better-ventilated hall, ensuring that guests and participants feel comfortable throughout the event.
