By adapting the principles of an Investiture ceremony, individuals can cultivate a culture of leadership, responsibility and service promoting personal growth, teamwork and a sense of purpose among members.

### What could have been better?

- The ceremony would have been appreciated if the arrangement of the school and class council members taking the oath were organized to provide a clear view of the ceremony to the assembled students, parents, and teachers.
- The choir could have performed and practiced well with few more choir members.
- The time could have been saved if the installation of the student council members could have been done with Two houses coming up at the same time.

### What was done well?

Planning, organizing, and execution of the event was done well.

### Do you have any suggestion?

The ceremony could be conducted in a better-ventilated hall, ensuring that guests and participants feel comfortable throughout the event.
