What did you learn?

The celebration highlighted the joy of togetherness in the Salesian family. Beginning from the Holy mass with the catholic youth and the activities during the day, all events helped in creating memorable moments for students.

Key takeaways:

Play time always brings a cheerful effect in students.

Making connections between Dominic Savio and the joy that youth experience is inspiring

How is it relevant to your school context?

The Monsoon madness is the highlight of the ideals of Don Bosco when he said Jump play and be cheerful but do not sin. Since it is at the beginning of the year, it helps build a bond between classmates and also with teachers which sets the tone for the rest of the year. When students build a good rapport they are able to learn effectively.

How will you apply it with students in the classroom/beyond?

Outdoor activities can be included in the teaching learning process.

What could have been better?

It would have been better if there were more teachers assigned for planning of the event. The events could be spaced out.

What was done well?

The mass celebration was very spiritually enriching. All the activities conducted throughout the school were executed well and enjoyed by the students. Monsoon madness was a success because of the rains which made playing enjoyable for the students.
