The session highlighted the significance of patience, behaviour, respect for nature and planning, making it an enriching experience for all the attendees. The aim of this assembly was to promote responsible and sustainable tourism practices and encourage its positive contribution to various aspects of society.

The program began with a warm welcome of dignitaries and an introduction to the theme. Students portrayed their research work on Travel and Tourism, starting with students learning about new places, their culture, initiative taken by the government, benefits of travelling, etiquette to be followed while travelling, etc.

The culture, living sense and tradition of four places were displayed through a musical skit. The musical skit described the conversation between the teacher and students where the teacher took the students on a visual trip which led to the viewing of famous dance forms on popular tourism advertisements from different states like Northeast India, Madhya Pradesh, Kerala and Maharashtra which showcased the rich cultural diversity of India. Followed by the students sharing their views on how travelling changes a person's life. The highlight of the event was the inspirational words of our guest Mrs. Gauri Sreejith, Proprietor of Paakhi Travels added more glory to the event. The programme concluded with the choral
